

Find the Doctor That's Right for You

Looking for an in-network doctor, hospital and other health care professional? Our Online [Doctor & Hospital Finder](#) is a great place to start.

It's easy. If you've already set-up your member account, just sign-in to [HorizonBlue.com](#) or click on the **Horizon Blue app**. From there, you can find in-network doctors, hospitals, pharmacies, behavioral health professionals, urgent care facilities, radiology centers, dentists, vision providers and more.

Want to narrow your search? You can search for a doctor, hospital or other health care professional near you as well as choose someone based on their profile. This could be based on their gender, what language(s) they speak, what hospitals they are affiliated with and whether they are accepting new patients and more.

Remember, you pay less out of pocket when you get health services from doctors, hospitals and other health care professionals that are in-network for your Horizon health plan, even when you have out-of-network benefits.
